

SCRAP THE POLICE CRACKDOWN BILL. WE NEED TO ##KILLTHEBILL!

The Police are drunk on power - we can't let them have even more.
On Sunday 4th April, join Sisters Uncut in taking over our windows,
streets, and social media.

PUT UP POSTERS

Download and print some of the incredible posters at sistersuncut.org or make your own! Put them in your window or anywhere else they can be seen.

SET UP A STREET STALL

Download some flyers from sistersuncut.org, set up a stall, and chat to people in your local community about how this bill will affect them. Remember to wear masks and observe social distancing.

CALL YOUR LOCAL RADIO STATION

Call your local radio station to let everyone know: no more police powers, we will #KillThisBill. Scripts and guidance on other side.

GET ON SOCIAL MEDIA

Send us your pictures of #KillTheBill posters in the wild, share our posts and create your own. Don't forget to tag us so that we can share!

We stand in solidarity with our GRT family and with all else who are targeted by this racist, oppressive legislation. We will not be divided. We will not be defeated. We will kill this bill!

SCRAP THE POLICE CRACKDOWN BILL. WE NEED TO ##KILLTHEBILL!

The government is hoping we forget about the #PoliceCrackdownBill. We will not let this happen. Call your local radio station and say:

- The police are drunk on power and should not be given more.
- You are concerned about the Policing, Crime, Sentencing and Courts Bill that is moving through parliament, and want it to be scrapped entirely.
- The events at the Clapham vigil and at demonstrations recently are a dangerous indication of what the future of protest will look like if the police powers bill moves through parliament.
- The police powers bill will give police increased power to threaten, intimidate and use violence against Gypsy and Traveller communities – including give them permission to seize their property (which includes homes).
- The police powers bill will increase stop and search powers, which already discriminate against marginalised communities.
